Abdo: So if I have a picture of you with a weapon

Donkey Kong: a picture of you killing me

Abdo: I can claim you rdmed me?

|BH| Predatorv: he also has one of you killing him

|BH| Predatorv: and its in the logs

Abdo: It is

Abdo: But it isn't a valid proof against what I said

Abdo: My story is valid

Abdo: Both stories can't be proven

Abdo: ._,

Donkey Kong: didn't you just claim you didn't speak english?

|BH| Predatorv: well if he did shoot you he would of been wanted and there would of been a bloodstain

|BH| Predatorv: and you wouldnt also switch to an asvu to kill him

|BH| Predatorv: you would just spam your spas at him

Abdo: Read what I said :)

Abdo: He missed me with a slienced sniper

Abdo: It won't make him wanted

Abdo: Once you shoot for my direction, I am allowed to kill you

|BH| Predatorv: you can shoot me now

Abdo: Can I?

|BH| Predatorv: im taking the piss

Abdo: BTW

Abdo: If you didn't know
